

## Newsletter #1

**About Us:** The project consortium consists of members from 5 different European countries: 3D Bear from Finland, WKO Steiermark from Austria, Skills Divers from Spain and the Faculty of Civil Engineering of University of Rijeka (UNIRI) from Croatia. The coordinator of the project is Liepaja State Technical School (LSTS) from Latvia.

XRGREEN.CON

**About the project:** XRGREEN.CON aims to promote circular economy topics in the construction sector by developing learning units through innovative Extended Reality (XR) simulations.

**Kick-off-Meeting:** From 25.03.2024 – 27.03.2024 all project partners came together at the invitation of the project coordinator in cold Liepaja (Latvia) for the kick-off meeting of the project. In addition to the two-day project meeting, in which various project-related matters were discussed, there was also time for a joint tour of the city, a visit to the facilities of Liepaja State Technical School and company visits.

**2. Transnational Partner Meeting:** From 17.09.2024 – 19.09.2024, all project partners met in Rijeka (Croatia) for the second TPM. The meeting was perfectly prepared and conducted by our Croatian partners. During the second TPM, in addition to the previous and next steps in the project, the consortium also visited the local flagship project ACI marina Rijeka and impressingly renovated city library.
